

## Job Opportunity: Senior Finance Systems Business Analyst

**Tattarang**, formerly known as Minderoo Group, is one of Australia's largest private investment groups and is owned by the Forrest family. Our investment portfolio spans across agri-food, energy, resources, property, hospitality, sport and entertainment. The group is made up of six business divisions: Fiveight, Harvest Road, SFM Marine, Squadron Energy, Wyloo Metals and Z1Z. We believe in investing for growth and pursue opportunities in both the listed and unlisted space with a long-term investment horizon.

**Minderoo Foundation** is a modern philanthropic organisation. We take on tough, persistent issues with the potential to drive massive change. We incubate ideas and accelerate impact. We push the limits of what is believed possible. Minderoo Foundation is independent, forward thinking and seeks effective, scalable solutions. We are proudly Australian, and one of Asia's largest philanthropies, with AUD \$2 billion committed to a range of global initiatives. Our team comprises over 75 employees across seven locations.

### About the role

Based in our iconic offices on the Swan River, this role delivers functional expertise as part of a joint team where business and philanthropy intersect. Reporting to the Finance Systems Manager, you will be responsible for delivering various finance system, process and reporting improvements across Minderoo Foundation and Tattarang Group. You will do this by taking the lead on various project tasks including requirements gathering, gap analysis, design workshops, user acceptance testing, user training, system configuration, data migration, change management and implementation. You will work closely with IT to establish and maintain the group data environment and support the Financial Planning & Analysis team with the design and development of sophisticated reports and dashboards.

### About you

You will be CA/CPA qualified with a deep understanding of financial reporting processes, accounting principles and financial system controls. You will have worked previously as part of a project team to implement large financial software applications and have demonstrated experience working with data warehousing and business intelligence tools. Experience working with Microsoft Dynamics NAV is preferred but not essential. You are a determined, energetic problem-solver that will quickly be able to extract insights and make best practice recommendations. You thrive in a fast paced, ever changing environment and your established interpersonal skills allow you to manage stakeholder expectations and communicate solutions efficiently and effectively.

### Next Steps

Please attach your resume and a short paragraph highlighting your relevant expertise.

*Tattarang and Minderoo Foundation embraces Equal Opportunity and promotes diversity. We actively encourage Aboriginal & Torres Strait Islander people, men and women of all backgrounds, ages, sexual orientation, and People with Disability to apply.*
